"Nunca debe goberrharse a sí  
propia una mujer: en su  
infancia depende de su padre;  
en su juventud de su marido;  
y cuando su marido muere  
depende de sus hijos varones.

Después de haber perdido a su  
marido, la mujer debe procurar  
enflaquecer voluntariamente su  
cuerpo, viviendo de flores y de  
frutos puros; y jamás debe  
prohunciar el hombre de otro  
hombre."
